WEBINAR: Operationalizing Standard Contractual Clauses

August 24, 2021

Following the demise of the EU-U.S. Privacy Shield, organizations increasingly have relied on the Standard Contractual Clauses to transfer personal data from Europe to the United States. Earlier this summer, the European Commission released (eagerly anticipated) new Standard Contractual Clauses. These Clauses will alter how your business operates and interacts with third parties (including customers). Join Bob Siegel, President of Privacy Ref, and Faith D. Kasparian, J.D., Member of Morse, as they talk about Operationalizing the new SCCs.
