Morse Serves as Counsel to Castle Island Ventures

September 28, 2026

Castle Island Ventures is a venture capital firm focused exclusively on public blockchains. Their mission is to support entrepreneurs who are building the infrastructure and application companies required to help these transformative protocols reach their full potential.

Morse works closely with the Castle Island team and provided advisory services and guidance on the following transactions:

July 2026 – Castle Island Ventures invested in Cyclops as part of its $20M Series A Financing. This investment will support the continued development of Cyclops's stablecoin platform by accelerating product development, expanding its local team and licensing efforts, and growing its go-to-market team. Morse attorney Mike Jabbawy served as counsel in this transaction. Additional details on the investment can be found in Cyclops' press release.

June 2026 – Castle Island Ventures invested in Félix as part of its Series C Financing. This funding will help accelerate Félix's evolution into a multi-product financial company built around its Cognitive Financial Companion, expanding access to more accessible financial services for its customers. Morse attorney Mike Jabbawy served as counsel in this transaction. Additional details on the investment can be found in Félix's press release.

Morse focuses exclusively on the core legal services that businesses need to succeed, helping businesses of all sizes — from startups to Fortune 1000 companies — in the service areas of corporate, intellectual property, licensing, employment, taxation, and litigation.
