Laurie Burlingame Named Go To Health Care and Life Sciences Lawyer by MA Lawyers Weekly

August 24, 2026

Morse is excited to announce that Laurie Burlingame has been named a 2026 Go To Health Care and Life Sciences Lawyer by Massachusetts Lawyers Weekly. This feature was created in 2020 to showcase leaders in the Massachusetts legal community by practice area. Each lawyer featured was nominated by their colleagues and chosen by a panel from Lawyers Weekly.

Laurie counsels pharmaceutical, medical device, diagnostics, biological materials and tools, AI, and other clients across the life sciences and technology industries in a wide range of transactional matters, including venture capital and debt financings, mergers and acquisitions, licensing and strategic collaborations, supply and manufacturing arrangements, and capital market transactions. She is also actively involved with local technology and medical associations, including Women in Bio.

With her extensive experience in the life sciences sector and commitment to supporting her clients, this recognition is a well-deserved reflection of Laurie's work and leadership. Please join us in congratulating her on this achievement and wishing her continued success!
