

Morse Serves as Counsel to Emblematic in Pre-Seed Financing

November 05, 2025

Morse is pleased to announce that **Emblematic**, a startup leveraging agentic AI to streamline finance and accounting workflows, has recently raised \$2 million in pre-seed financing. This funding allows Emblematic to expand its portfolio of AI agents and accelerate the development of its core platform capabilities.

Emblematic's platform is designed for mid-market and enterprise finance teams. Its AI agents learn a company's internal logic and apply it at scale to new transactions, including processing documents, categorizing entries, detecting anomalies, and integrating seamlessly with existing ERP workflows. With a focus on transparency and explainability, the platform ensures accountants can understand the recommendations and the reasoning behind them.

Morse attorneys **Scott Bleier** and **Elizabeth Resteghini** served as counsel to Emblematic in this transaction.

Scott says, "Morse continues to be impressed by the high caliber of entrepreneurship in Spain, particularly in the AI sector. We look forward to supporting Emblematic's continued growth through the strategic vision of Edgar Álvarez and Prokopis Gryllos and the important financial backing of investors such as Passion Capital."

Additional details on the pre-seed financing can be found in [Emblematic's press release](#).

Morse focuses exclusively on the core legal services that businesses need to succeed, helping businesses of all sizes — from startups to Fortune 1000 companies — in the service areas of corporate, intellectual property, licensing, employment, taxation, and litigation.
