

Morse Serves as Counsel to WinterWyman in Acquisition by Planet Group

December 10, 2019

Morse is pleased to announce the successful acquisition of client **WinterWyman** by The Planet Group, a portfolio company of MidOcean Partners and leading provider of outsourced human capital and consulting solutions.

Established in 1972, WinterWyman is among the best-known talent acquisition firms in the northeast corridor. A provider of contract staffing services, WinterWyman has developed a strong reputation for client and candidate satisfaction built over years of recruiting high-impact talent in various key functional areas. The acquisition aligns with Planet's strategic plan of providing a full suite of professional staffing and consulting services to a global client base.

Morse partners **Joe Marrow** and **Joe Martinez** led a team of dedicated attorneys serving as counsel to WinterWyman. The firm advised the industry leader, guiding the company in the structuring, negotiation and documentation related to the transaction.

"We were pleased to represent the WinterWyman team in connection with the transition of its business from the vision and leadership of Dave Melville to the next generation," Marrow said. "We enjoyed counseling WinterWyman on the myriad of issues that arose during the course of our representation and which ultimately resulted in a successful conclusion for all parties."

Morse focuses exclusively on the core legal services that businesses need to succeed, helping businesses of all sizes — from startups to Fortune 1000 companies — in the service areas of corporate, intellectual property, licensing, employment, taxation and litigation. Morse has a vibrant **M&A** practice representing buyers and sellers in the low- to middle-market marketplace.
