Your Team of Trusted Advisors

We pledge to every client a responsive, interested and informed team of attorneys to help meet the challenges inherent in a highly competitive business climate. The seasoned, skillful members of our Corporate Practice act as compass, guide, partner and counsel to our clients, successfully steering them through all stages of the business life cycle, from formation and financing through governance and liquidity events and at all strategic points along the way.

We offer unsurpassed, sophisticated legal services at the right price point to a wide range of clients – including start-ups, emerging companies, investment funds and small publicly traded companies. We help them navigate the complexities of today's challenging marketplace. Our clients include a roster of companies engaged in the private equity, software and technology, medical devices, biotechnology, internet and e-commerce, pharmaceutical and financial services industries.

We invite you to consider utilizing our strengths and skills to help forge a brighter future for your own company.
